

To: FCC

I am writing in regards to the potential replacement of K-LOVE with an LPFM broadcaster. As a resident of the Chicago suburbs K-LOVE offers me a safe and encourageing radio station to listen to during my day. If K-LOVE was displaced by an LPFM station it would have a negative effect on the community. The other christian music station 106.7 has been sold which leaves K-LOVE as the main and single source now for Christian music to be heard. Not only do they offer music with a positive message but they offer other supports such as counciling, prayer, and an open opportunity to accept Jesus Christ at no cost to anybody but those who financially support the program of their own free will.

In this day and age suicide, drugs, and alcohol consume the lives of thousands of people. If K-LOVE was not on the air the thousands of people who call the station for advice and prayer would be lost and continue on their downhill path in life.

For these reasons I feel K-Love should not be replaced by LPFM stations and the values and encouragement should be free to access at any time a person needs some hope brought back into their lives.

Sincerely,

Katie Backhaus
